I – Introduction

This document focuses on dissemination activities in new member states of the European Union carried out through the whole period of the SAVE@work4homes project. It is an extension to deliverables D7.2, D7.3 and D7.4 which describe all dissemination and communication activities carried within the project. Please refer to the above mentioned documents to read more about methods of dissemination and channels of communication.

As an illustration, some presentations done during the conferences appear in the appendix.

All the dissemination activities are publicly available on the website of the project (<http://save.atwork4homes.eu/>).

II - Presentation of the project in Conferences and Meetings

The communication and dissemination actions 2.1 to 2.7 took place during professional conferences over the whole period of the project and can be found in this deliverable and on the website.

They are listed below and the agendas and some presentations used by the members of the project can be found in Annex 1.

More information about the events (programme and presentation made by a project member) is available on the project website in several languages:

English: <http://save.atwork4homes.eu/save/en/news-and-events/dissemination-activities.html>

German: <http://www.atwork4homes.eu/save/de/de-news-events/verbreitung-der-ergebnisse.html>

French: <http://atwork4homes.eu/save/fr/nouvelles-evenements/activites-de-diffusion-de-linformation.html>

Presentation URL	http://save.atwork4homes.eu/assets/files/Poznan-26June2009-SAVE@work4homes_presentation_v1PL.pps
List of participants	http://save.atwork4homes.eu/assets/files/POZNAN-schron-europa-participants.pdf

Objectives and achievements of the project was presented during a 30min presentation lead by Grzegorz Członkowski from DomData. An interesting discussion arose and allowed the presenter to explain some parts of the project in detail.

III – Other dissemination activities

Apart from the items presented above, there were also activities of less significant impact, but important to the subject of dissemination. Particular partners were notified and presented information about the SAVE@ Work4Homes project.

3.1 ESAM - Energy Strategic Asset Management for Social Housing Operators in Europe

Mr. Hans Fürst from Nassauische Heimstaette (Frankfurt am Main) presented the objectives of the SAVE@ Work4Homes project to two partners from the Czech Republic:

1. Mestska realitni agentura, s.r.o. (MRA),
U Lesa 865/3a, 736 01, Havirov, CZECH REPUBLIC,
represented by Mr Pavel Merta, Managing Director
2. DELPHIS Bratislava, association (DBA),
Stara Vajnorska 39, 83104, Bratislava, SLOVAKIA,
represented by Mrs Eva Prva, President

3.2 Saving Energy in Social Housing with ICT - Frankfurt am Main, 13th of May 2009

The meeting (hosted by Nassauische Heimstaette) was attended by representatives of companies from several European countries – including Czech Republic, which was represented by *Mr. Kroh, a Director of SBD Stavební bytové družstvo Praha*, from Prague. During the meeting background information and results from the project have been presented and technology provider discussed how the tools developed in the SAVE@ Work4Homes can be implemented at SBD.

IV - Internet appearance of the Project

Information about the SAVE@Work4Homes project is available on the World Wide Web. The official website of the project is available under the following address:

<http://save.atwork4homes.eu>

To allow dissemination to new member states, the page is available in several languages – including English, Polish, German and French. Polish version of the website makes it very easy to spread information about the project across Poland. Other language versions help people from other new member states to get to know the project.
